

**Elohim** (T: Angela Larsen)

You turned darkness into light,  
created day from endless night.  
Your name is ever shining bright.  
Elohim.

You are my rock, my fortress.  
Your name is help for us, helpless  
You give strength to us defenseless.  
El Shaddai.

Your name alone is The Lord.  
High and holy. You are adored,  
yet make our broken hearts restored.  
El Elyon.

Your name is a mystery.  
You are the same, through history.  
In your name is our destiny.  
Addonai.

Elohim, El Shaddai, El Elyon, Addonai,  
God of Israel, You are.  
El Olam, Sebaot, Father, Son and Holy Ghost,  
Father of light You are. You are, Father of light. You Are.

Forever You are the same,  
and Your kingdom we will proclaim.

Hail our priest with a holy name.

El Olam.

You are God, to dignify.

O Lord of hosts, I'll magnify.

Your name's near, down under your sky.

Sebaot.

Elohim, El Shaddai, El Elyon, Addonai,

God of Israel, You are.

El Olam, Sebaot, Father, Son and Holy Ghost,

Father of light You are. You are, Father of light. You Are.

You turned darkness into light,

created day from endless night.

Your name is ever shining bright.

Elohim.
